

## Respite/Short Term Stay Services

Respite programs provide planned, short-term, and time-limited breaks for families and caregivers, in a facility or in a residential setting, or at home with the assistance of a Home Health Care Agency. People may consider respite care when the caregiver needs a break, after a stay in the hospital, while they are waiting to move somewhere permanent, to see whether they would like to live in a facility permanently, etc.

Persons seeking respite at licensed care facilities (skilled nursing facilities, assisted care facilities) must meet the basic admission criteria for the facility. Admission subject to bed availability. Contact facilities of interest directly.

In addition to the resources below, respite care services may also be provided at home by Companion Care or Licensed Home Care Agencies, or respite care services may be obtained at Adult Day Programs. Please refer to the *Eldercare Resource Lists* page on the Eldersource website [www.eldersource.org](http://www.eldersource.org), for Home Support Services, Home Health Care Agencies, Adult Day Programs, Social Model, and Adult Day Programs, Medical Model listings.
